

# mc15

## Features:

- Multimedia all-purpose active loudspeaker
- Integrated amplifier with 100 watts nominal output
- Soft-dome tweeter for the finest high-frequency reproduction
- Magnesium silicate polymer (MSP) woofer for accurate mid- and low-frequency response
- Gold plated RCA-input (cinch) for highest flexibility, plug and play with every audio source
- Versatile in-room placement (variable high pass filter, adjustable input sensitivity, 3-band equalizer)
- Solid base plate (included) for optimal horizontal and vertical directivity
- Suitable for surround- and multi-channel applications
- Low frequencies can be augmented with matching subwoofer
- Detachable grill (included)
- Detachable power cord (included)

## Technical data:

Loudspeaker principle:	Active two-way compact loudspeaker
Frequency range (+/- 3 dB):	55 Hz – 21 kHz
Input gain for 85 dB SPL @ 1 m:	16 dBu RMS @ 0 dB setting
Power consumption:	standby 10 watts / 90 watts max.
Amplifier nominal output:	2 x 50 watts
Type of enclosure:	bass reflex
Woofer:	150 mm (5.9 inch) magnesium silicate polymer (MSP) diaphragm, 75 mm (3 inch) aluminium voice coil
Tweeter:	Esotec 28 mm (1.1 inch) soft dome, magnetic fluid cooling, aluminium voice coil
Crossover frequency:	1500 Hz
Filter slope:	6 dB / Octave
Weight:	7 kg
Dimensions (without base plate, W x H x D):	170 x 260 x 235 mm 6.7 x 10.2 x 9.3 inch

## Availability:

May 2007

## Package contents:

1 x Dynaudio MC 15, 1 x base plate, 1 x owners manual, 1 x power cord, 1 x grille

## Retail Price:

\$ 1299 / pair
